General Notes

Fees listed are only valid for applicants who commence in the 2026 academic year and include the University's Student Services and Amenities Fee (SSAF). Applicants should be aware that the annual tuition fees will be subject to an increase for each year of study and be different from future published commencing tuition fees. Applicants will be liable for these fees upon acceptance of an offer from Flinders University.

* Applicants for combined Bachelor/Master's degrees should note that the listed fee is for the Bachelor's component only and that the Master's component of the degree attracts a higher fee. For an indication of the fee for the Master's component, refer to the standalone Master's degree in the postgraduate course list.

In the event of a variation between the fees listed here and the approved University schedule of tuition fees found at flinders.edu.au/international, the approved University schedule will supersede those listed here. Please note, some courses may require students to purchase uniforms, clinical laboratory or workshop materials or equipment, or undertake field trips at their own cost.

Administrative fees may also be charged for variations of enrolment such as deferral, transfer of study, or reinstatement of enrolment.

ATAR scores listed are correct at time of printing, and may be subject to change.

The University reserves the right to alter, amend, or delete any course, fee or entry requirement without prior notice.

^ Some courses are subject to approval for 2026. Please refer to Flinders.edu.au/international for the most up to date information.
